CAREER OBJECTIVE

To secure a position as an aspiring Software Developer in a reputed organization, where I can leverage my technical skills, continuously learn new technologies, and contribute effectively to the growth of the company.

EDUCATION

Kakatiya institute of technology and science
B. Tech Information Technology (CGPA: 8.6)

Telangana, India
2024 - 2028 (expected)

SR junior college
Intermediate (88%)

Telangana, India
2022 - 2024

Platinum jubilee high school
High School (CGPA: 8.7)

Telangana, India
2021 - 2022

SKILLS SUMMARY

Languages: Java (Primary), Python, C, SQL

Core CS: Data Structures & Algorithms, OOP, DBMS, Software Engineering, Operating Systems, Computer Networks

Web & Backend: HTML, CSS, JavaScript, Django, REST APIs

Databases: MySQL

Tools: Git, GitHub, VS Code, MySQL Workbench, MS Excel, MS Word

PROJECTS

Full Stack Banking Application (Django + MySQL)

- Developed a secure banking system with authentication, account management and transaction processing.
- Designed relational database schemas and backend modules for financial operations.
- Implemented CRUD operations and user-friendly workflows.

Automated PII Leakage Detection System (NLP & Regex)

- Developed a privacy-focused application to identify sensitive information from text data.
- Used NLP and Regex techniques to detect emails, phone numbers and confidential data patterns.
- Built during Hackstorm Hackathon at KITS Warangal.

Smart Waste Management System

- Developed during NIT Warangal Hackathon for scheduled and on-demand garbage collection.
- Improved service request handling through a simple web interface.

Portfolio Website

- Designed and deployed a responsive portfolio website to showcase technical skills and projects.

PROBLEM SOLVING & DSA

- Solved 50+ Data Structures and Algorithms problems using Java.
- Strong understanding of Arrays, Strings, Linked Lists, Stacks, Queues, Trees and Recursion.
- Practicing problem-solving regularly through coding platforms.
- Applying DSA concepts while developing software projects to gain real-world engineering experience.
- Currently exploring scalable system design concepts and backend development.

ACHIEVEMENTS & ACTIVITIES

- Participated in Hackstorm Hackathon at KITS Warangal.
- Participated in NIT Warangal Hackathon.
- Maintained a CGPA of 8.6 in B.Tech Information Technology.
- Python Programming Certification – Internshala Trainings (Year)
- Continuously improving Java, DSA and backend development skills.

DECLARATION

I hereby declare that the information provided in this resume is true to the best of my knowledge and belief.
